INSPIRE MOTIVATE EMPOWER

In the spirit of women helping raise each other up this collaboration aims to help inspire and empower women to overcome the challenges we face and be their best.

With a focus on helping our daughters in the process with similar struggles – comparison, self-doubt, authenticity, confidence, social media and technology usage as well as self-care, self-love and resilience to enable us to live a life full of meaning and purpose and be our best.

We are more powerful together than we are apart yet our society often teaches us to compete and that our success must be at the expense of someone else's. This event is designed by women for women to help lift each other up.

With 200 women attending the inaugural event in Wellington in October 2018 and amazing feedback we're doing it again but across NZ this time.

There is the opportunity for 15-20 selected business to have stands at this event and sell goods. The aim is to have relevant/complimentary services and products on show as well as provide a platform to support women in business. We're looking for businesses who help inspire, motivate and empower women to be part of this event with us.
